Experience

Sr. Graphic Designer – Recom (2018 - Present)

With 6+ years as a marketplace creative, I have cultivated a strong foundation in developing design strategy, utilizing the versatility and cross-functionality of technical software programs, and client & project management.

Designing & wireframing marketplace creatives using custom and branded assets

Extensive project management, using ClickUp, Slack and Google workspace applications

Coordinating with clients, desgin teams, and higher management levels to meet deadlines and finding creative solutions to novel situations

Freelance (Since 2021)

Paid & Volunteer opportunities with direct interactions with clients, including full brand conceptualizations, UI design and logo creation.
